

BREAKFAST/LUNCH PROGRAM

The school will provide a breakfast and lunch program to students at a reasonable cost.

Students may eat school lunch or bring a lunch from home. Students will be responsible for depositing money into their lunch account. Money must be deposited into accounts by the start of the school day. Lost lunch cards will be replaced free of charge one time; if a student's card needs to be replaced more than once, a fee of \$2.00 will be charged for each additional replacement card. Students bringing their own lunch are to eat in the cafeteria.

No student is to leave the school campus without permission from the principal. Any student who leaves the school campus without permission from a school official will be disciplined.

Free and Reduced Price Breakfast/Lunch

Parent(s)/guardian(s) may request an application form for free or reduced-price breakfasts/lunches from the building principal. The principal shall make a decision based on the information provided and in accordance with the guidelines established by the Nutrition Division of the Iowa Department of Education as to whether the student qualifies for free or for reduced price meals.
