Bondurant Children's Chorus will help children gain a love and appreciation for music! This semester, we will be performing with the theme of "Music Through the Ages"! We will be singing songs through the eras of the past up to the present. This group will also help children develop improved singing technique! As a group, we will explore music theory, good breathing and singing techniques, movement in singing, and develop our inner showman! Most of all, it will be FUN!
